Gotcha, and thanks. It sounds like CCMC doesn't have a title V permit (only a preconstruction permit), but I'm not sure.

ND isn't my state. Let me go searching and I can see what I can find.

DJ, do you have a copy of the current CCMC permit(s)? I'm trying to figure out what requirements apply to its mining and processing operations. I noticed that Patrick is out of the office.

Thanks,

Patrick/DJ, do you mind forwarding a copy of the public comments that challenged the source determination? ND's letter indicates that the comments were emailed to R8 on 7/24/18. Thanks!

Cheryl – As we review the source determination for Coyote Station and the Coyote Creek Mine, there may be aspects of a recent ND court opinion we would want to take into consideration. I've attached a brief summary from one of our ORC attorneys along with the order.
